Yass!

Glazed Porcelain Tile

Off White

It is what is said when something surprises and enchants on social media. Yass! is the updated and trendy proposal of the Venetian terrazzo. The classic blend of marble and cement fragments that have paved the architecture of Venice for centuries has come to be re-used in floors and walls. With limitless creativity, the terrazzo strolls through the most diverse projects. With an unpretentious and bold touch, the intensity of the fragments modulates the final atmosphere.
